Professional Summary

Front-End Developer with hands-on experience building responsive, scalable, and user-friendly web applications using React.js, Next.js, Tailwind CSS, and JavaScript (ES6+). Skilled in API integration, performance optimization, and UI/UX implementation, with deployments on Vercel and Netlify.

I combine technical expertise with strong problem-solving, collaboration, and client-facing skills from my customer relations background. Passionate about clean code, accessibility, and modern design principles, I aim to contribute to innovative teams while continuously improving my craft.

Technical Skills

- Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks & Libraries: React.js, Next.js, Redux Toolkit, Context API
- Styling & UI: Tailwind CSS, CSS Modules, Framer Motion, Responsive Web Design, Accessibility (a11y)
- API & Data Handling: RESTful APIs, Fetch API, Axios, json-server, Data Caching & Optimization
- Tools & Workflow: Git & GitHub, NPM/Yarn, Vite, Webpack, ESLint
- Other: UI/UX Principles, Performance Optimization (lazy loading, skeleton loaders), Deployment (Vercel, Netlify, GitHub Pages)

Highlighted Projects

- Multi-Step Form Application – React, Redux Toolkit, json-server

  - Built a multi-step form with state persistence, validation, and smooth navigation.
  - Reduced user friction with clear error handling and intuitive flow.

- E-Commerce Cart Page – React, CSS, Redux Toolkit

  - Designed a dynamic cart system with add/update/remove functionality.
  - Delivered a responsive layout ensuring seamless cross-device usability.

- Country Explorer App – React, Tailwind CSS, REST API

- Integrated REST API to display country data (flags, capitals, regions, borders).
- Implemented search, filters, dark mode, pagination, lazy loading, and border-country linking.
- Boosted performance with caching and skeleton loaders.

- URL Shortener App – React, TinyURL API

  - Integrated TinyURL API for instant link shortening.
  - Improved usability with a responsive and minimal UI.

- Landing Page Projects – HTML5, CSS3, JavaScript

  - Built multiple modern landing pages with smooth scrolling, animations, and accessibility features.

Work Experience

- Freelance Front-End Developer | Self-Employed | 2024 – Present

• Designed and developed responsive websites for small businesses using React.js, Next.js, Tailwind CSS.
• Integrated third-party APIs to deliver dynamic, data-driven features.
• Optimized performance with lazy loading, code-splitting, and caching, reducing load times.
• Deployed and maintained apps on Vercel and Netlify, ensuring reliability across devices.
• Collaborated with clients to translate requirements into functional technical solutions.

- Customer Relations Officer | EMTILL Solutions | Feb 2024 – May 2024

• Delivered user-focused support and resolved client inquiries with empathy.
• Improved communication and problem-solving skills applicable to development teamwork.

Certifications

- NASFAT ACTIVATE Training Program in Tech (UI/UX Design, ReactJS, WordPress Development) – Feb 2025
- JavaScript for Beginners – UDEMY/Skillhub Academy – Nov 2024

Education

Federal University of Technology, Akure (FUTA) – B.Tech in Quantity Surveying (2016 – 2023)
